SATURDAY, DECEMBER 16.

THE GREAT CATTLE INDUSTRY.

We have introduced, in an extraordinary article in reference to the great cattle industry, the question of the harmful practices and the great destruction of cattle by the use of strychnine in the United States, and we are sure that we shall be able to get the facts which will prove that the cattle industry of the United States is one of the most lucrative and profitable in the world.

African Colonization.

What are the prospects of the African Colonization Movement? This is a question of great interest. The African Colonization Society has been in existence for over forty years, and has been successful in establishing several colonies in Africa. The society is supported by a large number of wealthy and intelligent men, and has received considerable financial aid from the British government. The society is now in possession of a large body of land in Africa, and is making rapid progress in the colonization of that continent.

**STANZA.**

The evening tide is flowing,
And the stars are shining.
The sun has set in glory,
And the moon is brightening.
What a beautiful scene,
Nature's own masterpiece.

**THE MEMORIAL.**

The memorial of the late Rev. Thomas Coke is a living monument to his labors. He was a man of deep piety, unselfishness, and indefatigable industry. His memory will ever be cherished by his brethren in the gospel, and his influence will be felt in the world for ages to come. He left behind him a legacy of love and devotion to the cause of Christ, which will continue to bear fruit in the hearts of those who have been touched by his example. May his spirit live on, and may his work be continued by those who come after him.

**TO A SONG.**

Forward, my friends, let us press on,
Deep as our motives, our love for the Son.
In search of the way, let us never stop,
In this noble cause, let us be bold.

**THE TRUTH.**

The truth is a force that cannot be resisted,
It will prevail over every opposition.
In its path, it will conquer all obstacles,
And will lead us to happiness and peace.

**TO THE READER.**

May your path be brightened by the light of truth,
And your life be filled with joy and prosperity.
In your search for knowledge, let truth be your guide,
And may God bless you with wisdom and understanding.

**SAYING.**

"The last day of the year is as useful as the first day of the year. The former brings to us the recollection of the past, which should be a warning for the future; and the latter is the beginning of the year, which should be a source of hope and encouragement." — De Groot.
