The young lady----

An interesting article appears in the St. Louis Post-Dispatch, dated May 16, 1859, under the following heading:

"Influence of Women in the United States."

"The influence of women in the United States is becoming more and more noticeable every day. Women are taking an active part in the affairs of the country, and their influence is being felt in all parts of the land. They are no longer content to be mere spectators, but are taking an active part in the work of the country, both in the political and social spheres. They are not only voting, but are running for office, and are becoming more and more prominent in the affairs of the country. Women are no longer content to be mere spectators, but are taking an active part in the work of the country, both in the political and social spheres. They are not only voting, but are running for office, and are becoming more and more prominent in the affairs of the country."

MRS. HARRIET B. MASON.

Philadelphia, May 15, 1859.

Dear Friend:----

The counting house of this firm has been moved to a new location, and the stock is now complete and ready for business. The new office is much larger and more convenient than the old one, and we are now in a position to carry on our business more efficiently than ever before.

Very truly yours,

Mrs. Harriet B. Mason.

MRS. MARY HAYES.

Boston, May 16, 1859.

My dear Friend:----

I am very happy to hear from you, and to know that you are doing so well. I have been very busy lately, and have had little time to write, but I have been thinking of you often, and have been longing to hear from you. I hope you are still well, and that you are doing all that you can to improve yourself.

I am, etc.,

Mrs. Mary Hayes.
