ABOLITIONIST—MR. BURNEY.

To the New-York Enquirer we learn, that the friend of humanity, Mr. Burney of Ely, is about to publish an interesting work, to illustrate the abhorrence of slavery. It is stated that this book will be in the hands of the public during the month of November, and will be the first attempt to give a clear and genuine idea of the abhorrence of slavery in all its forms and consequences. The friend of humanity, by presenting this work, will be enabled to dispel the dark clouds which have so long hung over the minds of the people, and to show them that there is no such thing as slavery, and that it is as much against the laws of nature as it is against the laws of God. The work will be published in the usual manner, and will be sold at the usual price. It is expected that it will be eagerly sought after, and that it will do much good in the hands of the people.
