VOL. 1.

The physicall, moral, and religious education of the people of the United States, is the surest and most effectual means for the promotion of their happiness. It is the only way in which we can hope to bring them together, whether as individuals or as a nation. It is the only way in which we can hope to free them from the prejudices and passions of the past, and to bring them to a true and just understanding of the duties of their own times. It is the only way in which we can hope to make them wise and virtuous, and to make them happy in their own homes and in the community. It is the only way in which we can hope to make them strong and independent, and to make them masters of their own destinies. It is the only way in which we can hope to make them free and independent, and to make them masters of their own destinies. It is the only way in which we can hope to make them strong and independent, and to make them masters of their own destinies.

REPORT ON ABOLITION.

The abolition of slavery in the United States, is essential to the welfare of the nation. It is essential to the welfare of the nation, for it is only through the abolition of slavery that we can hope to bring about a true and just understanding of the duties of our own times, and to make our people wise and virtuous, and to make our people strong and independent, and to make our people masters of their own destinies.

We are not satisfied that the laws of the United States, are not as yet fully carried into effect, and that the abolition of slavery is not yet fully accomplished. PROCEEDINGS AT THE PUBLIC MEETING IN EDINBURGH TO PLEAD THE CAUSE OF THE SLAVERY IN THE WEST INDIES, AND TO CALL ON THE NATIONAL SOCIETY TO ADDRESS MR. O'CONNELL.

Agreedly to advertisement, a public meeting was held on Monday evening last, in the Town Hall, Edinburgh, for the purpose of considering the Address to Mr. O'Connell, on the subject of the Slavery of the West Indians.

The meeting was opened by Mr. J. H. McEwen, who stated that the object of the meeting was to consider the Address, and to take such measures as might be necessary to give effect to it. He thought the Address was a just and proper one, and that it was the duty of the meeting to endorse it.

Mr. O'Connell, who was present, said that he was glad to see so large a meeting. He had been in Edinburgh before, and had found the people there very kind and friendly. He hoped that the meeting would take the view of the Address, and that it would be carried into effect.

Mr. O'Connell then moved a resolution, that the meeting should address Mr. O'Connell on the subject of the Slavery of the West Indians, and that it should be carried into effect.

The meeting agreed to the resolution, and thanked Mr. O'Connell for his speech.

BOSTON, COOPERATING WITH A MORTGAGE TO PROTECT THE RIGHTS OF THE CITY.

The following is a letter from Mr. J. H. McEwen, of Edinburgh, to Mr. J. H. Palmer, of Charleston, South Carolina:

Sir,

I have the honor to inform you that a meeting was held in Edinburgh last Monday evening, for the purpose of considering the Address to Mr. O'Connell, on the subject of the Slavery of the West Indians. The meeting agreed to the resolution, and thanked Mr. O'Connell for his speech.

I am, etc.,

J. H. McEwen.

The city of Boston has been accused of cooperating with a mortgage to protect the rights of the city. This is a charge that has been repeated many times, and is said to be founded on the fact that the city of Boston has been the scene of many strikes and riots, and that the mayor and other officials have been accused of having connived at these outbreaks.
