TEXAS AND SLAVERY.

It appears that the citizens of texas, as a body, have decided to establish slavery in Texas. This is in direct violation of the laws of the United States, and is a clear violation of the Constitution. We are informed that the slaves, who are now in the state, shall be emancipated and freed. The law is clear on this point, and the citizens of Texas are bound to obey it.

JAMES HAGGERTY.

State of Texas, May 15th, 1853.
