From the Anti-Slavery Standard THE ROYAL PEDIGREE. THE ROYAL PERIORSE THE ROYAL PERIORSE At this who will, clim gentle brick, and take their period in Normal Schule The parset susceptor a schule the state of the schule schule and at through schule now cleanse. From the same level took their tree, and, side by sinch in loving press, Leaged, chrystil-clean, from Pandies, We are no e spawn of hartered love. Third is subject to the heart yith (old, Pair on as lightly as glove, Ailgalty daffed, sarce these days ald, A love than assessive stopical hands (And idler heart to iller's twend). And lider heart to iller's twends.

Then somer nears to show a weeks. Large-limited, the friend of mass and shir? Jas ainway arms with labor brows ; With glud, stramp out that seemed to wears Ito homan nature like a cover, Such was to hove from which we spring. A lowe clear-herard as the more, Which through the's tools and routhes ang Lake as all resper 'mid the corm.

Like a till resper ind the corn. Like a till resper ind the corn. Like hav helde knode alone, --Bat we hed faith in man and Gold And proutly claimed our Father's throad We much our small of the Now, And, from its want and woit and wrong. Dur hearts reas lighdy as a bough From which is hird hath soard in sog. From which a bird hash scare in song. Among our eires no high-born chief Treekled his hands with pesanti-gore, No spured and colonetted thief Set his malled heel upon the Boor; No, we are come of nobler line, With larger heart within the breast, Large heart by suffering made divine, We draw our insege from the Oppresse

We draw our lange, from the Oppresed. Not from the scripted briefs with origined, Bat from the house heat who reigned, Bat from the house heat who reigned, built, hatfielding states generic, Which heatered ingression, and we grave which heatered the states of the state Oar. Keyg a genelogy. There is not a gravel look and we find Oar. Keyg a genelogy. There's not a gravel look and with power, Stook haldly on the side of Man ; All here-spirits planed look and with power, Stook haldly on the side of Man ; All high étains mand grand, Who for the Agen ope the door, All high étains planet house the state Among the builton of the power. Les cheres based of sanceptar

Among the Emperied of the poor. Let others boast of ancessors Who handed down some idle right To stand beside their tyrant's horse of buckle his sparse before the fight; We, too, have our ancestral claim Of marching ever in the van, of giving ourselves to steel, and flame Where weight's to be achieved for man to the fight of the fight is the schleved for man

Where weight's to be achieved for man-had is not the a family-tere Work keeping fair from age to age? Was ever puch an knewsty? Goldalizzmed on the herad's page? In dear New-Regland iet us still Maintain our reas and tide parke, The mean and women of heart and will, The monarche who Eldedre. Zhuwood, June, 1846. 7.

J. R. L The following lines are from the pen of Dr. Snod

We will speak out-we will be hear Though all earth's systems crack; We will not bate a single word, Nor take a letter back.

Nor take a letter back. We speak the Trail—and what care we For hissing and for score δ When some faint gleanings we can see Of Precedent's coming mort! Let lines fore, let cowards skirsh, Let trailors farm away ; Whaterer we have dared to think, That dare we also my;

Vanis' as we deem the prop of Wrang, "Inschoored bloggle it be-f's break-more fast its heavens will fail, tease the earth is free." its only chain we desp portugals, a out own pluined word, plead for our poor brother's make, a dispersion to brand."

REFORMATORY For the Liberator

EDUCATION OF THE FA oral adv ndeed in censity and practicability ary at Lowell. There a demands in our own and council is to be promules

t is the only perfect teacher a -here, and here alone, we fin e. His character and spirit, ice, alone constitutes true C d by plifting hand of e elieve to be like e injustice, in and while it acter, which are operating to repress and depress their are nevertheless going form which is not to be overeen loga to be to be overeen to bless fallen nature. Ren and we shall have more. Dis y fear the result, but females liberated or mankind more and liberated or mankind mora born. There are in Lowell, if we ly informed, between 800 and 100 Females have a development o which makes them much more el 1000 of Frantis-in works of margy and more. In works of margy and more. In works of margy and more. In the second work of the second states. What good might this tesses of mind second test of the second states of the second sec insted, and where it is still prasticed as an terror to drive women into the harem and wives in flocks, which they would never do.

de. Are there not in Ohenin are clearwhere one are detected and enterprinting franks who will raise the institution of the second state of the term institution. The head is foundations for a leader of constraining head with knowledge, the object of constraining head with knowledge, the object of constraining head with knowledge, the object of constraining head with knowledge, the whole segment is a state of the second state whole segment is an end of the second state of the object of constraint with the second state the whole segment is a state of the second state whole segment is a state of the second state and the second state of the second state of the second for analy fulf limit. Nothing is an encounter, the these shows the second with head state and compared to the second state whole second state and compared to the second state. for amable and well beloved young is treated with neglect and contempt, by the far their moral inferiors, merely because for a subsistence. This feeling provails e and entails the most pernicous moral co

wherever it persides. If these suggestion's may induce any be mind to'a candid consideration of this subject to the foundation of each an institution. For a distinct object of which shill be to re-prejudice of labor from the famale mind, it will feel hereeff more than a thousand times of for her trouble.

SARAH A. RICE

AN OLD STORY NEW VANTED. OH Eins Kyce, formely förs druge et Window ser County, VL was a strange composition of folly and good sense, of natural strevendenes and want of cultivation. The following sentence was pre-nair of boost from Garc. Gurtis, a man of consider-ation of boost from Garc. Gurtis, a man of consider-able weakh in the town of Windser: "Well, and the Judgs, very gravely, lafter pro-nouncing sentence of Court, mideriaking to read the young Winds is letters," your as faine failow and you and how dars you, leting poor, have the im-pudence to areal a pair of bools. I. Nobody twu röst soches have an quigt to take area-worksame. July a poor-no one douted how dare you, being poor o steal a pair of boots? N pudence t people ha paying for is evident stear a pair or total e a right to take such things without them! They say you are worthless that from the fact that no one has ever asked e done you; all, by unanimous consent, d you guilty before you were tried. Now ce to b al yours a go work, at know you wo a c know it was a that you side them a, at l in that large iown to o cas horrible!. And you r steel, but you must Curia!. This c Curia!. This c boots al, because aggravation in the large

e only pair of boots which e only pair of boots which could get, and then you ne; nobody would have tra the set! For your iniquit town of Windsor, and fro the Court sentences Court sentences you to built Court sentences you to built ment in the County Jail, and m nething to eat! e gre
