**TRUTH OF LIFE**

Gentle the child's dear home —

May perfection in him flow,

Getting back from wrong and wrong,

Elevating to the right.

Then we're not to be wrong again,

Lest life be tragic death.

Tell us what the good from sin-

If we those words of truth.

God will show us what is right.

For we are God's own work.

That is the guide to us.

Looking for the path of life.

The path will lead us on.

And through its dangers pass.

The path is safe and true.

That guides the way to God.

May we the path pursue.

The path leads to the skies.

And through the stars we rise.

And through the paths of life.

To life eternal shall be.

To Truth of Life.
