I have thus, as I proposed, called your attention it certain acts of Congress and provisions of the Con attution. They are the law of the land, and it is on most solemn dury faithfully to execute them. In the words of the oath you have just taken, you are to do this 'without fear, favor, affection, or bope of reward, presenting 'things truly, as they come to you knowledge, according to the best of your under knowledge, according to the best of your under

Here I might close, but as great efforts have be made to convince the public that the recent la cannot be enforced with a good conscience, but an the conscientiously resisted; and an impression as have been made on some of your number, this pasenting an obstacle to the discharge of a plain gal duty, I deem it proper to advert briefly to the moral aspects of the subject.

In this part of the country, the convictions of or understanding, our moral sentiments, and our rel gious opinions, are adverse to the institution of Slavery. Hence some are ready to conclude, in the finplace, that the provision of the Constitution for delivering up lugitive slaves must be morally wrong and, in the next place, that laws made to carry it into cliffect are to be disobyed and resisted. Neither or Cliffect are to be disobyed and resisted. Neither or

and to the first. The States, without the Count totics, would be to each other foreign actions. The first days of every nation is the preservation and perceived of it one actiones. It is fast child, prinsmit to the count of th

Those therefore who have the strongest convitions of the immorality of the institution of aleast of are not thereby authorized to conclude that the pusion for delivering up fugitive slaves is mora wrong, or that our fathers in Massachusetts did act wisely, justly, humanely, in accoding to the co-pact of the Constitution.

But, recouldly revea these who pr to be active of condemning the Constitution and the laws and of condemning the Constitution and the laws and outler it as enjoint an immerit, cannot, even upon any control of the con

Call you say that it is life will that we shall nise of Covernments, or carbon who power of the Covernments of the covernment of the covernment of of organization states of the covernment of the appoint means for their abropation? sion. The one class urge the obligations of hospit
sion. The one class urge the obligations of hospit

and horors of external and internal war and convolion. The one class urge the obligations of hospiiality and benevolence, the other the obligations ofself-preservation, and the sacred duty of preserving, those whom nature and society have committed to their protection. Both are equally sincere, conscientious and reso-

lote. Which shall yield? It the remove and recoforce? Yes! And the white must be seekey, or gained acciety, pronouncing its decision through it regularly constituted agents. This is the mon judgment, the embodied conscience of the politics bound to subsit. Use not only a seak individual bound to subsit. Use not only a seak individual ment in forming, his own moral judgment. An acwhich before may have been innoenn, is now crimi nal; and its commission not only opposed to the will bott substrained of the order, posse, existence of the

Obscience is a moral duty. This is as certain as that the Creator mode man a social being, and designed that he should live, not in perpetual anarchy, but in peace and security; for human government is the only means which lafinite Goodness has provided for preserving us from uncessing conflict and violence. To obey the law of the land is, then, to obey the will of God.

It may be assect—as resustance never justifiable? Is there no exception? It answer, yes. I When oppression present and prospective as og reat as to justify a resort to the ultimate right of revolution. But this is not to be done from impulse or feeling, but from the calm and careful consideration of the dangers and difficulties of the proposed remedy. A wise man will reflect that evils, great evils, must

a was main with remote that eving great eving, most exist under every human government; that a perfect fabric cannot be made of imperfect materials, and that whatever he may attempt, he must still work by and with infallible man, with all his blandness, weakness and passion.

If, after a deliberate contemplation of the convenience of

If, after a deliberate contemplation of the couralsions and miseries attending the overhrow of the oxisting government, and the bezards and uncertainties of establishing a better on its min, he firmly believes the permanent happiness of the community requires the attempt, he may consciously make in requires the attempt, he may consciously make in frequently, but we can have done may occur not unfrequently, but we can have done may occur not unfrequently, but we can have done made by the reput themselves, through agents freely appointed, for abort periods, by frequent elections.

In oir von country if there he my who, content plating the infirmation of our mirror and the history plating the infirmation of our mirror and the history of the plating the state of the state of the original plating the state of the state of the condition of mankind under all other political in attractions, and then looking at one own government the interty, in the copy, in past, performance and for despents hope of establishing a better in its used they must be increasible to reason or remonstrances and of that unfortunate classes in where minds judd despents hope of establishing a better in its used to be stated to the state of the

distince is that which is by law established; and here all our established laws are to be necessarily accounted just, because they are established.

Undoubtedly an equality of rights is just, but not being with to compelle me to be unimitie to ignities, legislators have made them obedient to force. The power of the plannily is the best way, because it is a proper of the plannily is the best way, because it as Viet is in the country of the planning of the planning

Justice may be disputed, but power speaks pretty plainly, and without dispute. So that it needs but to give power to justice; but seeing that it was not possible to make justice powerful, they have made the poseerful just.

'It is dangerous to tall the people that the laws are not just for they only obey them because they kelies them to be just. They must be told, therefore, at the same time, that they must be told, therefore, at the same time, that they must be told, therefore, at they obey their superiors, not because they are just; but because they are their superiors. If you make them comprehend this, you prevent all sedition. This is the true definition of justice.

'It were well for the people to obey laws and castoms, because they are laws; and that they understood (helj this made them just. On this ground, they would never derists from them; while, on the other hand, if this justice is to rest on any other basis, if may easily be brought into question, and then the people are made liable to revolt.'

of expediency? But what if it cout the Union?
We may not sights the question of obedience for
conneisced sake, because flad may cost agration,
the control of the control

The theory is that detailed by Pascal of despotic power, to be regarded in all cases as jointle, and to be obeyed, in all cases, as the will of God. The doubte, anxieties and obligations of coincience are easily disposed of, without any reference to Gods, word, any appeal to, God's revealed will, as the arbiter. Let us examine, on this point, the decision of ludeo Sparage.

But we are bold by some that the law being morally weng meleciace tells them to result it. How does Julyes Spriges neet this? First, by an arguable weng meleciacy to the definess, uncertainty and allibility of come such and all his system ty and allibility of come such prime Revelation of the will of God as the leve and judgment, being their fallible, they may be some judgment, being their fallible, they may be some judgment of conceinence.

State, despotic power would say to the people, the State is your Conscience, and your Religion, obey it as the will of God, just or unjust.

We will only add at present, that in a publication of some years ance by Judge Sprague, we find the following sentiment recorded, as an nextragnishable of the sent of the sen

Connected with this, we may ponder a remark of utage McLean, as follows: An unconstitutional ct of Congress imposes no obligation on a State or he people of a State, and may be resisted by an inticidual or a community. No one, I believe, will convert this.

Then, a fortiori, an unjust act of Congress, supposing such were passed, imposes still less obligation, unless these gentlemen are willing to assume that the claims of God and justice are less imperative than the claims of unjust law, and that the authority of God's Word is ses secred than the Constitu-

SPHECH OF THE HON. HORAGE MANN,
On taking the chair, at the Grand Mass Convention
of the Opponents of the Fugitive Slave Bill, held in
the Tremont Temple, Boston, on the 9th inst., as
reported in the *Commonwealth.*

Gentlemen.—I thank you cordially for the honor of being called to this place; though I could have wished that your choice had fallen upon some one of the many meritorious men whom I see all around me.

Gentlemen.—I have come here to-day to add my

Gentlemen—I have come here to-day to add my feeble voice to the thunder-tones of exceration, against the Fugitive Slave Law, with which every free State in this Union, and every free community upon the earth, are now re-echoing.

Sir. I do not propose to occure your strention.

Sir, I do not propose to occupy your attention long. Where so many things are to be said, and so many persons far better qualified than I am are present to say them, I shall consult at once your advantage and my duty, by being brief.

We have come together with especial reference to the Fugitive Share Law; but that excerable status connects itself so directly with almost every other prominent measure of the Government, and with the prominent measure of the Government, and with the third of the control of the control of the control that it opera the whole subject of human liberty and one of the control of the control of the control whose instrumentality, the country has been instrugated to this treason against the rights of men, and when we may expect their machinations will be

Some of our official dignitaries are giving us law lectures upon the subject of high treason against the Government. I hope they will not object, if we reciprocate the favor, by giving them a lecture on the higher treason against God and Humanity of which they are cuited.

Institution over the press, the circu-han been effected of the plates, to an Esstern publish-er. Of this I cannot speak with certainty. But I if the ballade of the project has the laws, you must think it advisable to open this spring, for the healing of the nation. LEE-RA-LOO.

POOR SAMBO'S LAST PLANTATION MELODY

FOOR ALMO'S LAST PLANTATION MILE
They say this is a plessant place,
That heaven has gracious been
To Sambo, Cuffey, and to Ornee,
And Sue, our coal-black queen.
We do not doubt that Heaven is kind,
We're thankful for its good;
But man has broken all its-laws,
And turned its sun to blood.

And turned is sut of the Andrews of

CHORUS.—REFRAIN REPEATED.

And lee-re-loo,—and lee-re-loo,—
Though Massa laughs at lee-re-loo,
The heart is sad—Oh! lee-re-loo,
O'lee-re-loo

II. Bick-facility and flowers have a few five run;
The streams with silver run;
The gold and amber of the morn.
Surround the glorious sun.
But me! I feel the storm of wo;
My Sue send babbe I mourn;
For sold its distant fields I go.
'All never to return.'

Ah! never to return,
Ah! never to return,
And should I sing the lee-ra-loo,
My tears would us, 'Remember Sue,'
To her and all,—a long adleu;
O lee-ra-loo!

CHORES.

And lee-ra-loo,—
Though massa laughs at lee-ra-loo,
The heart is sad—Oh! lee-ra-loo,
Oh! lee-

Oh! lee-rad.

Oh! lee-rad.

Int. And when I see, at life.

The stars like glow-worms shine, but from the stars like glow-worms shine, but from the stars life.

And herem and earth look sparkling but from the stars life.

I think that heavest could not design, and the stars life.

Such bondags, stripes, and teens.

EXTELIS.

And when I sing the lee-rado,

The leah—the halt is in my view.

And saddens all my lee-rado.

My lee-rado.

My lee-ra-loo!

The birds are free through sir to roam.

The lishes through the ses.—
The wild bee murmurs to its home.
The wild bee murmurs to its home.
The lightning dances in the clouds,
The winds of heaven are free;
