REFUGE OF OPPRESSION.

POLITICAL SOUCTION.

The Lysander 

In the New York Sun.

The libel of the New York Sun against the "Liberator," and other abolitionists, is not only a gross violation of the Constitution, but a palpable and deliberate misrepresentation of facts, and an attempt to disgrace and defame the cause of freedom. We shall have no more of this kind of journalism, and shall not allow ourselves to be intimidated by such misrepresentations. We shall assert our rights, and continue to publish the truth, as we have always done, and shall not be deterred from our course, by any such slanderous attacks.

THE LIBERATOR.

PROVINCE OF NEW YORK, MONTGOMERY COUNTY.

A very respectable man, who was employed by the New York Sun, and was a subscriber to the "Liberator," has been arrested, and will be tried for a libel against the "Liberator," and other abolitionists.

The New York Sun is a newspaper which, by the Charter, is bound to respect the rights of a free press, and to publish the truth, as we have always done, and shall not be deterred from our course, by any such slanderous attacks.
