MAY 20.

NEW ENGLAND ANTI-SLAVERY CONGRESS.

The Annual New England Anti-Slavery Congress will be held at New Haven, May 25th and 26th, when the leading friends of the cause in New England, by far the oldest and longest established of the Abolition Societies in the country, will meet for the purpose of promoting the universal and immediate abolition of slavery. The Congress will commence in a city of which the anti-slavery cause has long been the dominant topic of discussion, and in a state which has always been distinguished for its firmness and energy in the cause of freedom. The friends of the cause in New England will have an opportunity of showing their determination to maintain their position, and their readiness to meet the foe on all points. The friends of the cause in other parts of the country will have an opportunity of seeing the progress of the movement, and of learning the means by which it can be advanced. The Congress will be a great event in the history of the anti-slavery cause in New England, and will be a signal for the cause of freedom throughout the land.

Also, when we came to form a government, we adopted the American system of parties, which is a thing of necessity, and which is bound to be in operation in all systems of government. The American system of parties is the only system which can exist with safety to the rights of the constitution, and which can be made to work with the utmost efficiency in the government of the United States.

In conclusion, I say that it is the duty of this government to secure the happiness and prosperity of the people, and to prevent the recurrence of such calamities as have befallen us in the past.
