LETTER FROM JASPER MARIA CHURCH,
Addressed to the Members of the Employed Women's Union, August 4th, 1855.

My dear Sirs,

Your letter of the 15th ult. is now before me, and I hope to have the pleasure of sending you an answer as soon as possible. I must say, however, that I am not yet prepared to give you any information of the state of the women in the city, as I have not yet had an opportunity of visiting them. I can only say that I have heard from different sources that they are very much distressed.

The state of the women in the city is very bad. They are in want of work, and are obliged to work for very low wages. They are also in want of education, and are therefore unable to improve their condition. I am sure that if we could do anything to help them, we should be very glad to do so.

I am, therefore, at this time, very much occupied with the state of the women in the city. I am doing all I can to help them, and I hope that I shall be able to do more for them in the future.

I am, therefore, very much occupied with the state of the women in the city. I am doing all I can to help them, and I hope that I shall be able to do more for them in the future.
