PEACE AND VICTORY.

What is it that is likely to be a feature of the occasion? With the great exception of the war of 1812, there is no other war in the United States which has been fought with more success. There is but one way of avoiding the destruction of the war of 1812, and that is by a treaty of peace. The war of 1812 was the result of a錯誤 in the policy of the United States, and the war of 1861 was the result of a錯誤 in the policy of the United States. 'Mount Everest' was the name given by one of the few who have seen the mountains.

"And why," said the man to the mountain, "do you have so many sides?"

"Well," said the mountain, "I have to keep up with the times."

"But what about the people who live near you?"

"Oh, they're used to it," said the mountain. "They have a lot of experience with me."
