The Liberator

A New Advocate of Emancipation.

Lettet From Professor Newman.

Boston, Friday, November 4, 1844.

We can truly say that time gives us good cause for hope. The events of the past year have shown us that we are not alone in the wrong, and that there is a common cause to which we may appeal for support. The movements of the people have been directed by the same spirit, and we may hope that the time is approaching when the cause of freedom will be victorious.

The Tribune of the Union.

Emancipation is the great cause of the time. The people of the United States are in earnest, and we may expect great things to happen. The march of events has been rapid, and we may hope that the time is approaching when the cause of freedom will be victorious.

The Liberator.

THE TRUTH OF THE UNION.

The Union is not to be destroyed. We have seen the plans of the people for the preservation of the Union, and we may expect that the Union will be preserved. The people are in earnest, and we may expect great things to happen.
